## Office of the Police & Crime Commissioner

REQUEST FOR POLICE & CRIME COMMISSIONER DECISION - (N° 004/2020)

TITLE: Cumbria Constabulary Digital, Data and Technology Strategy 2020-2025

### Executive Summary:

Cumbria Constabulary **Digital, Data and Technology Strategy 2020-2025**, and replaces the Constabulary ICT Strategy 2019-2025. The strategy has been developed following the launch at the end of January 2020 of the National Digital, Data and Technology Strategy 2020-2030.

The strategy aims to ensure that all ICT activities are aligned with Digital, Information and Data Management to fully support both the priorities in the **Police & Crime Commissioner's Police and Crime Plan 2016 – 2020** and the requirements of **Cumbria Vision 25** which sets out the Constabulary's vision to be a vibrant, agile, innovative, and forward-thinking organisation that delivers for the communities of Cumbria and the Constabulary workforce.

The strategy is also cognisant of external influences which will significantly impact our future direction which include:

- **National Programmes.** The approx. 17 national initiatives which include, for example, the Emergency Services Mobile Communication Programme which will replace the current Airwave provision;
- **Technical Landscape.** The delivery ICT services is changing with an emphasis on the use of cloud services and consumption of Software as a Service (SaaS)
- **Security Landscape.** Increased threat levels, for example as we rely more on the internet for Cloud based services, will inevitably result in increases in ICT budgetary requirements;
- **Data Protection.** The introduction of General Data Protection Regulation (GDPR) in May 18 is a major change to data protection law.
- **Economic landscape.** Brexit has added impetus to inflationary growth in ICT products, which are generally priced in dollars and are therefore vulnerable to exchange rate fluctuations.

The strategy outlines six key priority themes of delivery and the projects, outcomes and approaches that will deliver the Constabulary's strategic priorities, supporting Vision 25, in particular the Target Operating Model (detailed in Priority 1). The themes have not changed, although the deliverables within each theme have been updated to reflect what has been achieved in 2019 and from emerging demand.

The Constabulary has a highly innovative and ambitious mobility programme, which is at the forefront nationally. It is clear that the reliance on technology within the Constabulary is now higher than at any other time and will continue to grow. Staff need to have accessible data, and be more agile and flexible than ever before. The strategy therefore focuses on building solutions that are portable, cost effective and deliver operational policing systems and applications to all users whilst controlling implementation and on-going revenue budgets accordingly. It should be noted that the preservation of the 'end user experience' is a core principle of delivery.

The Strategy is designed to be a live document that is continually updated as part of the implementation of the strategy. As the business requirements of the Constabulary change, the strategy will be updated to reflect this.

**Recommendation:**

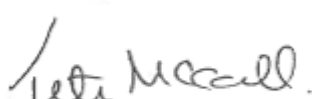

The Commissioner is respectfully asked to approve the Cumbria Constabulary Digital, Data and Technology 2020-2025.

**Police & Crime Commissioner**

I confirm that I have considered whether or not I have any personal or prejudicial in this matter and take the proposed decision in compliance with the Code of Conduct for Cumbria Police & Crime Commissioner. Any such interests are recorded below.

I hereby approve/~~do not approve~~ the recommendation(s) above

**Police & Crime Commissioner / ~~Chief Executive~~ (delete as appropriate)**

**Signature:**

**Date: 04 March 2020**

**Public Access to Information**

Information in this form is subject to the Freedom of Information Act 2000 (FOIA) and other legislation. Part 1 of this form will be made available on the PCC website within 3 working days of approval. Any facts/advice/recommendations that should not be made automatically available on request should not be included in Part 1 but instead on the separate Part 2 form. Deferment is only applicable where release before that date would not compromise the implementation of the decision being approved.

Is the publication of this form to be deferred? NO

If yes, for what reason:

Until what date (if known):

Is there a **Part 2** form - YES

(If Yes, please ensure Part 2 form is completed prior to submission)

**ORIGINATING OFFICER DECLARATION:**

I confirm that this report has been considered by the Chief Officer Group and that relevant financial, legal and equalities advice has been taken into account in the preparation of this report.

**Signed: S. Kirkpatrick**

**Date: 12 February 2020**

**OPCC OFFICER APPROVAL**
