

# **Covid-19 Community Recovery Fund**

## **Supporting Information and**

## **Guidelines**

All projects and services must evidence an understanding of best working practices in the light of Covid-19 and the challenges it presents both to delivering services and those receiving services. If you are successful in being awarded a grant you will be expected to adhere to the current Government restrictions relating to the Covid-19 crisis.

## INTRODUCTION

I am committed to working with local community, third sector and voluntary groups to support them in making Cumbria an even safer place to live. These are unprecedented times and I recognise that having the right resources at the right time is important to enable those people supporting our communities to continue to do so. Coronavirus has forced us all to work differently and this presents new challenges and opportunities. I

want to ensure we are making resources accessible to those who need them the most and that all our communities are continuing to be supported throughout this difficult time. Therefore money allocated from the Property, Community and Innovation Funds has been combined to create a new fund.

The Covid-19 Community Recovery Fund has been established to offer short-term funding to assist organisations manage the new issues which are arising due to the continuing threat of coronavirus and the need for social distancing and isolation, and for issues that emerge as the UK begins to recover after the lockdown measures are lifted. It will also support innovative local schemes which aim to reduce crime and make our communities safer by address issues such as domestic abuse, mental health issues and supporting and working with young people at risk of criminality or victimisation. Covid-19 is likely to create a surge in demand for the types of services provided by many of these groups, but it has also left some charities unable to carry out their normal fundraising activities. This fund will be available to charity, community or voluntary groups who are struggling to retain their offer of support to victims and communities, or who are looking at different ways of working to continue to achieve their aims. It will support organisations to provide their services during a time of rising economic adversity caused by Covid-19 crisis.

To meet the criteria of the fund, the groups must ensure that their project contributes to the delivery of one or more of the objectives within the Police & Crime Plan **2016-2020, Making Cumbria Even Safer**. The Plan, which all Commissioners must produce, sets out the vision and key objectives for policing and community safety in Cumbria:

The Covid-19 Community Recovery Fund application form provides you with an opportunity to present your ideas and evidence how it will support your community by addressing one or more of the Police and Crime Plan objectives. This pack stipulates the key pieces of information you will need to include to maximise your chance of success. If you would like further guidance or advice to help with the completion of your application form then please contact the Office of the Police and Crime Commissioners (OPCC) on [commissioner@cumbria-pcc.gov.uk](mailto:commissioner@cumbria-pcc.gov.uk) or 01768 217734

## Points to consider before applying for a Covid-19 Community Recovery Fund Grant.

The Covid-19 Community Recovery Fund is used to award grants following a funding application process. A copy of the application form can be downloaded and completed from our website <https://cumbria-pcc.gov.uk/what-wedo/funding/>

Some important things to consider before you start writing your application:

- Tell us about the need you are addressing from your own experience rather than just quoting official statistics.
- How do you know that this is what your community needs and who supports your idea?
- What difference will it make to your local community and how will you know that it has worked?
- What will the grant specifically be used for and how have you estimated the costs?
- Who will be responsible for managing the grant and how will you account for it?
- How will you evidence that you have delivered against your expected outcomes and the Police and Crime Plan objectives, and show the benefits the project has brought to the local community.
- Have you considered additional funding from other sources to support your project?
- How will you continue if further funding is not available from the OPCC at the end of the project?

**Please understand that your application may be turned down even if your work is valuable and interesting. There is a necessity for the Commissioner and his team to make hard decisions when awarding funding due to limited resources.**

## THE PROCESS

All applications will be assessed by a panel which includes the Commissioner, the Head of Partnerships and Commissioning and Police Inspectors from either the North, South or West of the county. Where appropriate the Commissioner may consult with other specialist or technical professionals depending on the content of your application.

Funding will be awarded on the basis of the expected outcomes and the extent to which they can make a noticeable impact on the relevant fund priorities, ability to enhance/complement existing services and ability to deliver targeted services to vulnerable people.

### Payment of Grants

Grants will be awarded up to £5,000. Each grant is paid in two stages, 70% at the start of the project and 30% at the end of the project. The 30% final payment is made at the end of the project subject to the completion of a final **evaluation report** where you are required to evidence how the grant has helped you achieve your outcomes, what impact this has within the local community and how you have met one or more of the key objectives in the Police and Crime Plan. The Commissioner or a representative of the OPCC may also request, at any given time, to visit the project to see how things are progressing.

If you are successful you will receive a notification of funding and a **grant agreement** for you to sign and return to us. The grant agreement sets out the terms and conditions of our funding that we ask groups to comply with in exchange for our grant. An example of a grant agreement is provided at pages 11 to 21. Please be aware that all grant awards will be announced and published within the public domain as part of our policy of openness and transparency. If you are unsuccessful, we will write to you and let you know the reasons for this.

Once you receive your grant, it should be spent by 31<sup>st</sup> March 2021 (unless we have agreed a different timescale with you) and should be spent on the activity which was the subject of your application. Where the grant is not spent in its entirety, any unspent balance must be

returned to the OPCC. Where there is an overspend on the activity, no further funds will be made available by the OPCC.

In addition, the Commissioner should also be acknowledged in any publicity material produced specific to the grant which must be shared with the Commissioner prior to publication. The Commissioner also expects the project to take part in any publicity produced by the OPCC in relation to project/funding.

## **GUIDANCE TO HELP YOU COMPLETE YOUR APPLICATION FOR FUNDING**

### **About your group/organisation**

This purpose of this section is to provide the OPCC with relevant contact information for your organisation/group. In addition, you will be asked to identify whether your organisation/groups has the appropriate policy and procedures in place to support your project. For example, those projects working with children, young people and vulnerable adults, there is a responsibility for the group/organisation to have an up-to-date safeguarding policy and procedure in place to ensure the welfare and safeguarding of these groups.

The remaining sections are to help us understand and evaluate what it is you want to do and what you aim to achieve.

### **About your project**

#### **Description of the project**

This is your opportunity to explain in detail what the purpose of your project is, or how important additional funding is. You need to clearly define the problem you plan to tackle (this should include numeric data, statistics or other information that provides evidence of the problem or issue you want to address). You should explain why you think your project is needed, how you plan to use the funding and why you think your approach will be successful. Are you are intending to deliver your project in alternative ways due to Covid-19? Please describe what impact will your project have, who will benefit from what you plan to do (including how many people you expect to help), and if your project will reach more people than before.

**We expect all projects to be able to be delivered during the Covid-19 lockdown and recovery phase.**

### **Police and Crime Plan Objectives**

**Please tell us in your own words how your project/funding will support all or some of the objectives.**

Your project must support and the outcomes must be strongly linked to one or more of the objectives listed in the Police and Crime Plan. Describe the difference your project will

make, this is not about what you aim to do, but more about the impact your activity will have on your community. Further information about each objective is provided at page 3.

## **Evidence and Research Behind Your Project**

**Please explain why you feel you the project outlined is the best way of addressing the issue/problem?**

It is important that you can demonstrate to us why you think your project will work, or what evidence you have to support a funding request for an existing service. It is about providing us with information to help us assess how successful you are likely to be and whether your plans are realistic. For example, it will help if you can detail what existing research or evidence you have reviewed or collated in order to form the basis of your project, at a local or national level. Have you had conversations or gained any support from the Police for your project? You might provide evidence of similar projects that have gone well elsewhere or where your group has had previous success, including evidence of how successful an existing service has been in supporting individuals in need.

**Word limit: Max 500 words**

## **Delivery and Resources**

**Question: Please tell us why your group or organisation is best place to deliver this project or service**

Explain why you are the right group or organisation to deliver your project or service. This is your opportunity to tell us about your group, the people involved (staff and volunteers), their experience, and why those factors make you the best organisation to carry out the project. It is important that we understand that the activity you are being funded for is managed well and that you have sufficient resources to do this. You should also include in this section information on the type of projects and activities that your group has been involved with in the past. If you are new to delivering this type of project, tell us about the skills you have as a group and any other factors you think will help to make your project a success.

**Word limit: Max 500 words**

## **Funding Requirement**

**Question - How much funding do you require? What effect has Covid-19 had on your income and operating costs? Please provide an itemised breakdown of how you will spend your Covid-19 Community Recovery Fund grant.**

You need to demonstrate to us that the amount of funding you have applied for is based on detailed understanding of the costs involved in delivering your project. You should tell us in this section of the application how you have identified your costs, for example you may have already received a quotation for your expected expenditure or because you know from experience as with an existing service. All costs should be accounted for and itemised, with the majority relating to delivery of the project rather than management costs. **Please note that goods must not already be ordered or received, and any grant money awarded must be spent by 31<sup>st</sup> March 2021, you will need to evidence a clear plan on how you will achieve this.**

## **Supporting Funds**

**Question – Please provide details of any funding or any other resources you are using to support this project**

In this section you should detail any other grants, sponsorship, donations and financial contributions that will help to fund your project or helps to fund and existing service. It will also help if you can demonstrate to us that the funding you receive will be supplemented by the time and commitment provided by volunteers. If your project involves the use of volunteers, you should tell us how many people you expect to volunteer and how many hours of volunteer time you estimate will help to support your project.

## **Sustainability/Exit Strategy**

**Question – Please describe how you will build resilience into the project or existing service**

This is your opportunity to tell us what you anticipate may happen after the grant funding has been used. You need to consider how sustainable your project or existing service is and what your plans are after funding ends, and how you propose to adapt to changes as a result of the Covid-19 crisis. Grants are rarely awarded on an ongoing basis; therefore you will need to describe how the project/service will be funded in the future. You may assess

that it will not be necessary to continue to fund the project beyond the funding term or as the Covid-19 restrictions are eased. Please detail why and how the beneficiaries of the project may be referred to other services or support by other means.

## **Evaluating Your Project**

**Question: Please detail what evaluation criteria you will use to judge how successful your project is**

You must provide details of how you will evidence the performance of your project. You are required to collect information and keep track of what is going on with the work you are doing so that we know what impact your activity is having on your community and the identified objectives in the Police and Crime Plan. It is essential that you understand how you will collect this information prior to the implementation of your project. How will you monitor the success of the project? Will you collect baseline data so you can see the distance travelled? Will you collect data on demographics, key triggers, well-being, offending? We will use this to monitor and evaluate your project.

**Word limit: 500 words**

**Question: Do you plan on measuring any specific milestones during your project? If so, what milestones will you be looking at and when do you plan on delivering these?**

It is essential that you understand what it is you want to achieve prior to the implementation of your project or what you are aiming to achieve with an existing service. We will use this information to monitor and evaluate your success.

**Word limit: 500 words**

## **Communications and Promotional Plans**

**Question: Please provide an outline of any communication/promotional plans you are considering to help publicise your project or how you plan to promote an existing service during the Covid-19 crisis.**

In this section you should detail how you are going to publicise your project, and your plan for promoting your scheme including any launch. This may take the form of media interviews for broadcast, online and print media such as newsletters, social media and web

updates, etc. Will you use the PCC logo in your promotions and make reference to the funders that have supported your project? Do you think there will be any opportunities available for the Commissioner to participate in, as long as adherence to the current restrictions are followed?
